We would like to take a poll for our own guidance at the approximate half-way point for this second pilot cycle of the Engineering Systems Analysis series. The reason for this timing is that looking back over a six-month interval may be more accurate than looking over the full 12 months of the series. Would you please check off the attached questionnaire some time in the next two weeks and route back through your Training Officer. If questions arise,

Since I have not attended the classes and have had very little time to examine the notes, I am not in a position to comment on the accompanying points.
